

MIKE COOPER
Mayor

January 2019

This letter is to express my sincere appreciation for the time Linda Hudson has spent as a volunteer for the Mayor's Council on Healthy Lifestyles for the Focus Group for Substance Abuse/Mental Health. Her hard work and dedication to this cause is so much appreciated. As the head of this focus group, she has brought together many substance abuse/recovery and mental health care professionals and leaders to work together to bring about more education and awareness of the resources available within our community. Linda has successfully planned events and health fairs within the city of Covington and has reached many adults and young people to educate them on the dangers of substance abuse, and making them aware of what resources are available and what help they can seek within this area. She has an excellent skill for interpersonal communication, positive attitude, team building and event planning. I am truly grateful for all of her professionalism and hard work, and would recommend her for any organization that needs these skill sets.

Regards,

Mike Cooper
Mayor
